

Let VADA-GSIA and PMA Companies assist in your shop meetings.

Most people don't become Service Managers, Parts Managers, or Body Shop Managers because they are looking for the opportunity to be a public speaker or trainer. But, regular safety meetings are essential to a safe work environment, reduced injuries, and lower insurance premiums!

VADA-GSIA and PMA are here to help. We offer a variety of online resources and **Safety Videos** to assist Auto Dealers and Managers with controlling exposures which can be accessed through **PMAWebsource**

The videos are short, to the point, and **FREE!**

You can get there through a link on the VADA-GSIA website, www.vadagsia.com the **Other Resources** page. The PMA Websource link is found under **Training Resource Links**. Log into your **PMA Websource account** (free to VADA GSIA Members). Then click "Auto Dealerships" under "Resources" in the left menu bar.

Current **video** topics include:

- Automotive Lifts
- Housekeeping
- Personal Protection Equipment
- Preventing Slips, Trips, and Falls
- Tire Handling

Additional topics will be added so check back often. **Try one out today!**

While there you can also review the latest in **PMAWebsource**

- Toolbox Talks
- Safety and compliance training programs
- Monthly webinars led by PMA industry specialists
- Organizational and Safety Solutions to enhance your Dealership's safety and health programs
- Discounts on services including compliance training

It's easy and convenient to access PMA Websource. VADA-GSIA and PMA clients can register by going to www.vadagsia.com or PMA at <http://websource.pmagroup.com>.
